

## TURN UP THE VOLUME

The Elite XL 40 large-format laser printer offers high-speed and high-resolution output with the quality and reliability you expect from GCC Printers. At 40 pages per minute, this powerhouse delivers fast, professional output and the economy of multiple originals without having to run to the copier.

The Elite XL 40 ships with a 500-sheet Main Tray that handles many popular sizes up to 8.5" x 11" and a 150-sheet Multipurpose Tray that can handle these sizes, as well as transparencies, posters and other media types up to 12" x 35.4". With the addition of the High Capacity Feeder and other optional trays, the input capacity can be expanded to an incredible 3,150 sheets, which minimizes the need to reload and change media.

Aside from incredibly flexible paper options, the Elite XL 40 is also incredibly reliable. It has been designed to last for well over one-half million pages of output, and when you need to change toner, there is nothing simpler or cleaner than GCC's one-piece toner cartridge.

The Elite XL 40, with GCC's exclusive AccuGray™ II technology, can support both your business and graphics needs with superior image quality. AccuGray II provides crisp, clear and customizable halftone reproduction that is unparalleled.

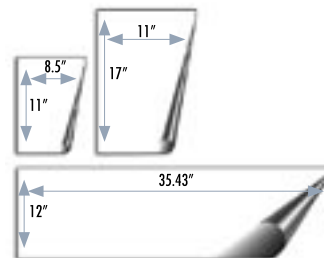

If you are looking for a laser printer that features an ideal balance of speed, reliability, flexibility and unsurpassed output quality combined with GCC's continued commitment to excellence, the Elite XL 40 is for you.

Models: **Elite XL 40N**, LP16630  
**Elite XL 40DN**, LP16634

Save precious time with impressive print speed of 40 pages per minute

Minimize need to reload in a busy environment with optional tray capacity of 3,150 sheets

Print anything from letters to posters with edge-to-edge printing up to 11.69" x 35.11"

Reduce your supply budget with automatic 2-sided printing (standard on Elite XL 40DN and optional on Elite XL 40N)

# ELITE XL 40

## Features

## Benefits

### Flexible Media Handling

Outputs sizes from letter to 11" x 17" all the way up to a mammoth 12" x 35.4" for banners, posters, and newspapers.

### AccuGray™ II

Provides you with the clearest, sharpest image output, delivering accurate and consistent halftones, regardless of screen frequency or resolution. AccuGray II offers the added flexibility of customizable dot gain that is especially useful for graphics professionals, power users, or anyone who wants the additional flexibility to have images their way.

### 333 MHz Processor

Super-fast PowerPC processor produces even the most intricate documents at lightening speed!

### 1200 x 1200 dpi Print Quality

Provides razor-sharp text within any typeface and clear, crisp images.

### Memory Upgrades

As your needs expand, the built-in 64 MB can be expanded up to 320 MB.

### Edge-to-Edge™ Printing

Provides edge-to-edge printing on media sizes as large as 12" x 35.4" with ability to fine-tune centering of printable area for accurate positioning on the page.

### Exceptional Media Handling

Standard input capacity of 650 sheets. With the addition of the High Capacity Feeder and optional trays, that capacity can be expanded to a staggering 3,150 sheets. More work is completed without having to reload trays.

### Network-Ready

Fast Ethernet (10/100Base-TX), USB, and Parallel ports are also standard features.

### PostScript Level 2, PCL 5e and PCL 6 Compatible

Ensures compatibility with both Macintosh and Windows platforms.

### Transmit-once Collation

Enjoy the luxury of multiple original prints without tying up your computer or the network. Your job is sent to the printer just once, no matter how many copies you select to print.

### Platinum Service Program

GCC is committed to your satisfaction! We stand behind each printer with a 30-day, no-hassle, money-back guarantee; knowledgeable technical support; and a 1-year Platinum Exchange Warranty.

### Comprehensive User Documentation & Web Support

Easy-to-follow documentation for hassle-free setup and installation available in both printed and electronic formats. Frequently asked questions and answers, software updates, printer firmware upgrades and more are available at the Support Central section of the GCC website.

### WebAdmin™

Access printer settings, network parameters, printer status, paper handling capabilities and more with your web-browser from any computer.

<b>Accessories</b>	20,000-page GCC Toner Cartridge, AC16966 500-sheet Letter/A4 Additional Tray and Feeder, AC16970 500-sheet Tabloid/A3 Tray and Feeder, AC16968 500-sheet Letter/A4 Replacement Tray, AC16974 500-sheet Tabloid/A3 Replacement Tray, AC16972 2,000-sheet High Capacity Feeder, AC16964 1,000-sheet High Capacity Stacker, AC16962 Duplex Unit (automatic two-sided printing), AC16960
--------------------	---

A "page" shall be defined as a one-sided printed sheet of US Letter size media.  
 [1] Based on a typical page of average complexity. Two-sided printing will reduce throughput, as will 1200 dpi print quality.  
 [2] The maximum printable area for 1200 dpi is 11" x 17".  
 [3] Limited by product lifespan maximum or 5-years, whichever event occurs first. Two-sided printing shall be counted as two pages.  
 [4] Defined as a typical page with 5% toner coverage. Two-sided printing shall be counted as two pages.  
 [5] Defined as 35.4" (900 mm) maximum media length, 1200 dpi print quality not available when combined with this media size.  
 [6] Defined as 35.4" (900 mm) maximum media length, 1200 dpi print quality not available when combined with this media size.
