

Do you value your time? Does your work demand high quality output? Do you need to share access of laser printers over a network? If you've answered yes to any of the previous questions, then the Elite 21N+ from GCC Printers is the perfect choice for your laser printing needs. The Elite 21N+ prints 21 pages per minute at a crisp 1200 x 1200 dpi resolution. It's powered by a super-fast 333 MHz PowerPC processor, includes 64 MB of RAM, and has a 650-sheet standard input capacity (with the ability to support up to two additional 550-sheet paper feeders). Quality output, faster printing and less wasted time refilling paper trays! But there's more - the Elite 21N+ ships with 10/100 BaseTX Ethernet so it's network ready out of the box. No hidden costs to incur getting your Elite 21N+ connected to the network!

The Elite 21N+, what more could you ask for in a printer?

Now shipping with a super-fast 333 MHz PowerPC processor!

As with all GCC Printers the Elite 21N+ is network-ready straight from the box.

Features

Benefits

PowerPC 405GPr Processor @333 MHz	Super-fast processor produces even the most intricate documents at lightening speed!
Native 1200 x 1200 dpi Resolution	Provides razor-sharp text within any typeface and clear, crisp images.
Network-ready Out-of-the-box	Ethernet (10/100 BaseTX), USB, and Bi-directional Parallel ports come standard - no surprising after purchase costs to get your printer connected.
PostScript® Level 2, PCL® 6, Type 1 and TrueType Compatible	Ensures compatibility with both Macintosh® and Windows® platforms.
Exceptional Paper Handling	Designed to support up to 1750 sheets of paper with optional paper trays. More work is completed without having to reload paper trays.
Advanced Paper Tray Technology	Includes a motorized paper feeder with 550-sheet universal tray that holds an entire ream of paper! And a visual paper level indicator so that keeping an eye on your paper supply is quick and easy!
Custom Paper Size Option	Allows printing to the exact specifications of your media.
Edge-to-edge Printing	Provides edge-to-edge printing on paper sizes up to 8.5" x 14" with vertical/horizontal shift options for accurate positioning on the page.
WebAdmin™	Provides remote access to printer interface settings, network protocol parameters, printer status, paper handling capabilities and more from any computer.
Memory Upgrades	As your needs expand the standard 64 MB configuration can be expanded up to 320 MB, using industry standard 168-pin DIMMS.
Transmit-once Collation	Enjoy the luxury of multiple original prints without tying up your computer or the network. Your job is sent to the printer just once, no matter how many copies you select to print.
Front Panel Locking	Easy-to-use, password-based security feature provides the ability to lock printer settings.
Flash-based Software	Enables fast and easy updates to the most current printer software.
Comprehensive User Documentation & Web Support	Easy-to-follow documentation for hassle-free setup and installation available in both hardcopy and electronic formats. Full product support, FAQ's, firmware upgrades and more available at Support Central on the GCC website.

This award winning laser printer has been enhanced with a 333 MHz PowerPC processor to maximize the speed in which your output is processed by up to 66%!

Specifications

Print Engine	Fuji-Xerox (P752)
Print Method	Dry-type electrographic printing
Print Engine Speed	21 ppm (letter size) 7.5 ppm @ duplex speed
Resolution	Native 1200 x 1200 dots per inch (600/1200 dpi software selectable)
Printer Languages	PostScript Level 2 & PCL 6 (5e/XL) compatible
Connectivity	Ethernet (10/100 BaseTX) USB 1.1 Bi-directional Parallel (ECP-compliant)
Network Compatibility	TCP/IP, EtherTalk®, NetWare® (IPX/SPX)
Supported Platforms	Mac OS 8, 9, X, Windows 95/98/2000/ME/XP/NT 4.0, NetWare, UNIX
Fonts Included	136 PostScript 3 compatible/80 PCL
Paper Trays/Capacity	
Standard:	Motorized Paper Feeder (includes 550-sheet Universal Tray) Multi-purpose Tray (100 sheets or 10 envelopes)
Optional:	Additional Paper Feeder(s) (includes 550-sheet Universal Tray) 75-sheet Motorized Envelope Feeder 500-sheet Upper Output Bin Internal Automatic Duplex Unit (standard on Elite 21DN+)
Hard Drive Support	
Optional	18GB internal drive
Media Sizes, Std	Letter/A4, Legal, Envelope
Media Sizes, Custom	Supported through all trays
Paper Types	Cut sheets (16-36 lbs.), labels, envelopes, overhead transparency film, postcards
Printable Area	8.5" x 14"/215.9 mm x 355.6 mm (Edge-to-edge printing)
Toner	Single-piece cartridge 15,000 letter pages at 5% black (single-sided)
Memory	64 MB RAM, expandable to 320 MB
Controller	PowerPC 405GPr processor @ 333 MHz
Power	100/115 VAC, 50/60 Hz (North America)
Dimensions (H x D x W)	16.3" x 17.3" x 16.6" (Unpackaged) (413 x 439 x 422 mm) 22.3" x 23.4" x 28.3" (Packaged) (566 x 595 x 718 mm)
Engine Weight	62.0 lbs. (28.0 kgs.) (Unpackaged) 75.0 lbs. (34.0 kgs.) (Packaged)
Noise Level	
Operational:	53.0 dB max.
Standby:	35.0 dB max.
Sleep Mode:	0.0 dB
